Winter 2020-2021

Just as a caterpillar changes into a cocoon and then into a butterfly, God continues to mold and make us into his children. This year has been full of changes and adjustments, many of which we have not liked, but God is amazing and we are looking forward to the fruits of His work in our lives.

A young overwhelmed mom came in worried about her and her family's future: knowing her husband is in jail for domestic violence. Just as God can change us, we have seen a beautiful transformation in this family. The dad is out of jail, the mom is treated with respect, the children are no longer out of control. I love how God answers prayers, uses us and our materials to influence the lives of our clients.

A young mom is brought to the Center by a family member since she doesn't have a car to get the necessary baby food, formula, diapers and also to participate in our program.

Another mom came in worried about how to get the formula she needed for her child. God again came through – within 48 hours the type of formula she needed arrived, due to the generosity of our donors.

Thank you for being instrumental in helping us help others. Your prayers are the lifeblood of what God does for our Center. In this season of being thankful for all that God has done, we are counting our blessings!

In service for Jesus,
The Dedicated Staff
